tusher\_180102@just.edu.bd

## About me

I believe I can do everything if I try my best. I'm a decent timekeeper, always willing to find out new skills. I'm ready to work independently in busy environments and also within a team setting

## Skills

Python

Machine Learning

Tensorflow

Keras

Data Visualization

Mobile Application Development

Dart

Wordpress

(\*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

## Objective

My objective is to acquire experience and gather knowledge which will be flourished my practical life

## Education

On Going	M.Sc. in Computer Science and Engineering <i>Jashore University of Science and Technology</i>	-
2015-2019	B.Sc. in Computer Science and Engineering Daffodil International University	3.51 out of 4.00
2014	HSC Sunamganj Govt. College	4.10 out of 5.00
2012	SSC Govt. Jubilee High School	4.50 out of 5.00

## Thesis

M.Sc.	Smart Fruit Maturity Indexing System Using Convolutional Neural Network
B.Sc.	Popularity Assessment of Cricket player's Based on Bengali Text in Social Media Using Machine Learning Approaches
B.Sc.	Machine Learning Based Daily Temperature Prediction from Bangladeshi Weather Data

## Training

2020	The Complete 2020 Flutter Development Bootcamp with Dart, Officially created in collaboration with the Google Flutter team
2019	Neural Networks and Deep Learning, Deeplearning.ai, Stanford University, Coursera.
2018	Linux With The Command Line
2018	U&P AI - Basics of NLP using NLTK

## Experience

Spring 2018	Teaching Assistant, CSE-324: Operating System Lab- Day Ms. Subhenur Latif , Assistant Professor	DIU
Summer 2018	Teaching Assistant, CSE 323L: Operating System Lab- Evening Mr. Eshtiaq Ahmed, Lecturer	DIU
Responsibilities included: graded programs, quizzes and assignment scripts held consultation hours for students in need of extra guidance on course materials  running the labs grading assignments/projects help in proctoring mid/final exams hold office hours every week
